

COVID-19 Message from the proprietor, Karen Chapple.

Fring House will be welcoming guests from 17th May 2021.

I want to personally assure our guests, that we have put in measures and procedures which will allow us to operate in a safe environment, ensuring our guests and staff wellbeing at all times.

Every room is sanitised, aired, and cleaned using disinfectants that comply with official standards. We are laundering all our linen at over 60 degrees, so you can enjoy a safe and great night's sleep and we are only letting two bedrooms in the Bed & Breakfast, so social distancing can easily be achieved in the dining room.

At this present time, we are not carrying out daily cleans, but will leave cleaning equipment in the en-suite for you to use as necessary. The hospitality tray and towels will be replenished as requested.

For guests staying in the Self-Catering Apartment, you will be given the key safe number a few days before arrival. The Apartment will also be deep cleaned and sanitised adhering to the government guidelines.

Further information will be given on arrival.

Above all we will do everything we possibly can to make sure your stay is as comfortable as possible.

Best wishes, Karen
